

# Northwich Townscape Heritage Initiative

**Northwich Townscape Heritage Initiative** (THI) is a heritage-led regeneration project funded by the Heritage Lottery Fund and Cheshire West and Chester Council, and which focuses on the repair and restoration of many of the Town Centre's early C20th timber framed buildings. These buildings make a positive contribution to the special character of the town.

We are celebrating Northwich's heritage on **Saturday 29<sup>th</sup> November @ 5.00pm in the Bull Ring**. We are projecting an old image of the Angel Hotel onto the Nat West Bank. This gives an insight in Northwich's unique heritage and shows a building lost due to subsidence.

For further details on the THI, please contact **Jenny Tunney** THI Officer on **01606 288824**
